

# Technology Solutions

Alloya's Technology Solutions - powered by CBTS, a subsidiary of Cincinnati Bell, Inc. - help credit unions design, implement and manage dependable information technology (IT) infrastructure that protects your credit union and improves your ability to serve members while remaining compliant with regulatory requirements.

CBTS - Alloya's trusted partner in Technology Solutions - is an IT services and solutions provider with 30 years of experience supporting the mission-critical data center infrastructure required to ensure your credit union's growth and resilience. Together, Alloya and CBTS understand your credit union's unique needs and have custom-tailored a suite of managed IT services that enable you to compete at a higher level while maintaining a cost-effective delivery model.

Turn to Alloya and CBTS for these Technology Solutions:

- **Always On - Virtual Desktop**
- **Hosted Email Services**
- **Managed Disaster Recovery**
- **Offsite Managed Backup**
- **Remote Managed Technology**

## Find Peace of Mind

Grant members and IT staff peace of mind knowing data is protected and your credit union will recover in the event of a major incident or sustained downtime.

## Reduce Costs and Efforts

Shore up your credit union's access to leading technologies and certified expertise without having to add additional resources or large amount of capital.

## Satisfy Members

Improve availability, performance and responsiveness of core member applications and, in turn, your member satisfaction levels.
