

Credit Union Checking

Alloya's Credit Union Checking service allows your credit union to separate your own credit union disbursements from your member checks. Corporate checks may be issued from one account or multiple accounts affiliated with your credit union's settlement activity.

Alloya's Credit Union Checking service enables credit unions to:

- Receive a separate reconciliation file as a download through TranZact or through secure FTP
- Utilize optional account reconciliation service to assist with balancing and reconciling your corporate check clearings
- Perform all check-related services online through Alloya's account management system, Premier View
- Review and make decisions on check returns during a window of up to 24 hours
- Receive ongoing support from Alloya professionals with research, processing and resolution of adjustment items

Reduce Efforts

Alloya's Corporate Share Draft Processing allows your credit union to separate your own disbursements from your member share drafts with ease.

Meet Your Needs

Corporate share drafts may be issued from one or multiple accounts affiliated with your credit union's settlement activity.
