Showing Some Love to Heartfelt Causes

OVER \$95,000 DONATED TO CHARITY IN 2022

Launched at the height of the pandemic in 2020, the Alloya Cares Employee Donation Program matches employee donations made to any 501(c)(3) charity. This means the causes that are close to the hearts of our employees become causes that matter to the corporate, too.

In 2022, the Alloya team made contributions to 87 unique charities, which received a matching a contribution from Alloya. In total, over \$95,000 was donated!

We look forward to continuing this program in 2023!

Faster payments are coming.

WILL YOU BE READY?

With the fast-approaching launch of the Federal Reserve's new instant payment offering, the FedNowSM Service, it's never been more critical for financial institutions – including credit unions – to start preparing. It's been over 50 years since a new payment rail has debuted, and a transition like this cannot be approached haphazardly.

Enter Alloya Insights: Faster Payments

As an interactive, educational community, Alloya Insights: Faster Payments is expertly designed to help credit unions strategically prepare to join the faster payments movement. Just recently, Alloya's team of faster payments experts created a proprietary Faster Payments Financial Model, exclusively available to credit unions in the Alloya Insights: Faster Payments community, to help them understand how the implementation of real-time payments will impact them – from staffing to daily operations to income to legacy payments and beyond.

In addition, participants gain access to the community portal, which includes topic briefings, blog entries, webinar recordings, polls, FAQs and planning tools – all of which have been synthesized and published by Alloya's team of experts.

Participating credit unions gain access to exclusive discounts for Alloya's forthcoming product offerings for real-time payment processing, settlement and liquidity management.
